

## Online course Ancient Egyptian Healing House of Life Abydos

Thank you for your interest in the seven-month online House of Life course Ancient Egyptian Healing module I.

### *What does the online course Ancient Egyptian Healing entail?*

With this seven-month online course Ancient Egyptian Healing, we hope to open a process in you through which you will be initiated into the healing knowledge of the ancient Egyptians. Of course we hope that you will also work with this healing knowledge.

One of our principles is the following: 'There is no understanding without knowledge'. Sharing and exchanging knowledge about the ancient Egyptians, the universal laws, the specific archetypal forces that we call the Neteru, the image of man according to the ancient Egyptians and the healings are therefore important parts of the online course.

The next step is that you will understand the knowledge of the ancient Egyptians and apply it in your personal life so that you will feel and experience step by step what they meant by their knowledge.

What can be a pitfall is that you compare the knowledge that we are going to share with you about, for example, the image of man with the image of man as determined by Western psychology in the last century. We may realize that the structured scientific business of 'psychology' only came into being at the end of the 19th century and has since then come to determine the image of man in Western culture.

We therefore hope that you will be as open as possible to absorb the ideas of the ancient Egyptians and not directly compare it with how Western psychology has classified the human psyche. We believe that the image of humanity of the ancient Egyptians is built up slightly differently, which makes it so unique to work with.

*Finding a new way for the physical absence in the temples and places of power.*

What we have to find a different and new way for in the online course is of course our physical absence in the beautiful temples and places of power in Egypt itself. An important part of the course is reopening and reconnecting with the temples and places of power in Egypt in which we also work on resolving any memories that are still blocking us in this current life. It is also the case that certain rituals and the specific connecting rituals with the four power places in Egypt that are part of the training, including the three initiations, cannot be performed. We have great confidence that we will find our way in this as well.

*What will the online Ancient Egyptian Healing consist of?*

In addition to a part of knowledge transfer, there is also a part of personal guidance. We assume that you can only really heal another person if you have healed your wounds within yourself and you have largely lived through and understood your own life issues. Therefore, if you decide to follow the course Ancient Egyptian Healing, automatically healing your own wounds and solving your own life issues is the beginning of the road to your own healership. This is a unique and personal journey that cannot be compared to anyone else.

*Can this be done in seven months?*

No, this will not succeed in seven months, but we rely very much on our experiences. We know that a process is opening deep within you that gives you the chance to take a new path. We walk with you in this.

*We would like to hear your motivation.*

If you decide to participate in the online course Ancient Egyptian healing, we would first like to hear your motivation why you want to participate in the online course Ancient Egyptian Healing.

We do this to make sure that the Ancient Egyptian Healing online course is right for you. If this is the case, the online course Ancient Egyptian Healing will really start.
