## Hotel Healing Centre Abydos

Dear Investor,

Thank you so much for your reaction and interest for our call to find investors for the future of the House of Life.

What kind of investors we are looking for?

We are looking for investors who are truly interested in the aim of our place. The House of Life is built on the thoughts of the remarkable and legendary Omm Sety. Her spirit is our source of inspiration and her spirit will always be our guiding inspirator.

From the beginning of the building proces in 2008 until now you can feel her spirit from time to time as a calm wind softly blowing in the place.

Often she appears in our meditations and dreams. Sometimes because she warns us but mostly of the time because she is happy and proud. She also appears in the dreams of our students in which she is guiding them in their pure processes.

She truly wants to help everyone with her strong spirit and her strong energy in finding your real healing mission here on Earth. That's why the House of Life and Omm Sety have an unbreakable bond with each other. She is the foundation on which the House of Life is created.

## Ancient Egyptian Healing Knowledge

Omm Sety taught her deep ancient Egyptian healing knowledge to Horus from Abydos. He on his turn forwarded it to Aset and together Horus and Aset made the dream of Omm Sety true.....the creation of the House of life Hotel Healing Centre in Abydos.

The reason we are looking for new investors is our wish to make the future of the House of Life stronger with more abilities and a stronger financial foundation.
